

# Every Child Ready to Read!

There are six essential skills kids need before they can learn to read on their own. You can help make sure your kids get them.

Youth Services Coordinator Barb Tack presents a one-hour program demonstrating the why's and how's of reading to your pre-school children so they learn the skills they need *before they start school!*

*(\*Also works on grandkids, nieces & nephews, younger siblings, your "Little Brother or Sister" the neighborhood kid you care about... and more!)*
